Temporary Road Closure for Street Department

Monday, April 10, 2017 through Friday, May 15, 2017

The City of Rensselaer Street Department will close West Grace Street from the Iroquois River Bridge to South Cullen Street for road construction. This project will replace pavement, curb and gutter, drive aprons, ADA ramps at the intersections and some sidewalk.

NOTICE OF ROAD CLOSURE OF GRACE STREET

Dear Residents,

Beginning Monday, April 10, 2017, W. Grace Street will be closed to through traffic from the Iroquois River Bridge to S. Cullen St./SR114 for road reconstruction. This project will replace pavement, curb and gutter, drive aprons, ADA ramps at the intersections, and some sidewalk.

The general contractor, Walsh and Kelly, anticipates this closure will last approximately 6 weeks depending on the weather. Your access to driveways will be maintained with temporary stone ramps throughout the project. However, when the curb and gutter is poured, and the new aprons poured, there will be approximately a 1 week time period when drive access will be prohibited due to concrete pouring and curing operations. We will inform you as to when these operations will occur.

If you have any questions concerning this matter please do not hesitate to call me. **My cell phone is 219-746-1120.** Texting is fine also, but please let add in a bit of information such as your address and the concerning issue. Construction is a noisy affair, and my phone stays relatively busy, so please leave a voice mail if I do not answer immediately and I will return your call as soon as possible.

The City of Rensselaer appreciates your patience during this city improvement project.

Sincerely,

Scott Pruitt
Project Manager
