Weston Cemetery requests that all plants and containers, other than pots and urns (10" or large) be removed by October 02, 2017. Shepard Hooks may remain. We have started our fall maintenance and containers or decorations not on the headstone or the foundation will be discarded. Also, decorations that are tattered/broken or ill repair will be disposed of. Winter decorations may be returned on Thanksgiving Weekend. Pillows and grave blankets may be placed upon the grave sites after the ground has received a hard freeze.
