CITY OF RENNELAER ■ INDIANA

August 2022

IT IS NOT IN SIZE, BUT IN UNITY, THAT OUR GREATNESS LIES

It's not too late to help us help you and our community, so that your *IDEAS AND DREAMS COME TRUE*.

The City of Rensselaer has partnered with American Structurepoint, Inc., out of Indianapolis, to update Rensselaer's Comprehensive Plan.

You must be asking why or what's the big deal? Well, it is a big deal. Briefly, it is a way for the City of Rensselaer to help our community grow and develop properly, meet new ideas and trends while setting up our city for economic prosperity and encourage growth in the future.

If you want to go quickly, go alone.

If you want to go far, go together.

- African proverb

A comprehensive plan is the type of tool that is intended to help ensure we, as a community, go far vs. quickly or alone. Throughout constant change and evolution, it's helpful to have some written guidance. A well developed and designed comprehensive plan will guide the future actions of our community.

We won't bore you any further with information, but we do welcome you to contact us if you would like additional information:
